

GAS SAFETY RECALL

GRILLMAN Gas Safety Shut-Off Valve and GRILLMAN Gas Safety Shut Off Valve with Hose and Regulator

IDENTIFICATION: Gas safety shut off valve with POL fitting (sold with or without hose and regulator). Suitable for gas barbecues and outdoor gas heaters.

Sold by caravan, camping, hardware, barbecue and outdoor furnishing stores between 6th March 2018 and 31st July 2020.

Batches: GMGSG 2018/01 and GMGSG 2018/03.

Barcode number: 9316861017615, 9316861017622

SKU: GMGSG, GMGSGREG

DEFECT: The tail pipe and main body of the valve may come apart. This may cause the seal at this point to break and allow gas to escape when the valve to the gas cylinder is open. The defect is only in the valve. The hose and regulator are not affected.

HAZARD: Risk of leaking gas igniting, leading to burns and/or a fire and/or explosion, which may result in serious injury or death.

ACTION REQUIRED: Consumers should immediately stop using the products and return them to the place of purchase for a full refund.
